

STORYTELLING

BENEFITS YOUR STUDENTS WITH FUN AND LEARNING!

“Susi Wolf amazed me as a storyteller. She brought such fun to the students and added valuable education with her tales. The children laughed and learned all at the same time. We definitely need her in the classroom!”

Kathy Champagne
Elementary School Teacher

“Susi quickly captured my students’ attention and kept them engaged through her incredible storytelling. They have asked me repeatedly if I would ask her to come see us again. I would highly recommend Susi to visit your school.”
